

# **Report of Alan Storah to Little Bardfield Parish Council**

**30<sup>th</sup> June 2020**

This is not a typical monthly report because of the exceptional circumstances in which we all find ourselves. So, what follows is a brief item which would, in any event, have been included on this agenda followed by an update on various covid-related issues from UDC which you may – or may not – have already seen and which may – or may not – be relevant to you. You may find snippets interesting and/or useful.

## **Paul's Farm**

The local concerns with regard to the alleged importation and depositing of waste on land at Paul's Farm, its treatment and subsequent removal from the site has been an on-going issue since last year. Feelings are running high as evidenced by the heavy email correspondence and frustration expressed by several local residents to the relevant agencies, between themselves and to me directly. My intention is therefore to present an oral report at the meeting in order to update those present as to what I have been able to both ascertain and undertake.

## **Shop local, shop safe**

We are supporting our high street shops in Uttlesford as they begin to reopen from today by working with local business groups, town and parish councils and other partners to create a safe shopping experience in the district.

Over the next couple of weeks, visitors may start to see some physical changes in the town centres such as floor markings and signage on how to shop safely.

Please support our retailers by shopping local and safely – maintain social distancing at all times and follow the signage that is in place to protect you and others.

Advice for shoppers – how to stay safe while out shopping, where to park and getting further updates as new businesses open up

Advice for businesses – which businesses can open, when you can open and how to work safely.
